

Roll Call Balloting for August 2026

To: All American State Assemblies

From: The Federation of States

If a three-quarters majority of the State Assemblies agree, the action passes by Roll Call Vote and will be enacted as Public Law. All verified members of your State Assembly, both ASNs and State Citizens, are allowed to vote as a General Assembly on these issues. Each proposal comes with a brief discussion and then, exact language of the new Public Law we are considering.

This is a law-making, not legislative action. The resulting Public Law stands above all legislative codes, statutes, regulations, ordinances or policies – which must all be brought into compliance with the Public Law. All Laws passed will be effective September 1st 2026.

Ballot Measure One

Discussion: It has come to our attention that our nation is one of three, the other two being the United Kingdom and Russia, that legalizes mercenary warfare, otherwise known as war for profit. History indicates that profit motives have been a driving force in promoting armed conflict throughout the world and that our failure to forbid war profiteering contributes to this. By adopting this new Public Law, we hope to bring an end to the motivations behind war profiteering and promote peace throughout the world.

Proposed Public Law Concerning Mercenary Warfare:

“Be it enacted and agreed and resolved throughout our fifty (50) physically-defined States of the Union and our similarly held Territories and Possessions, our Federal Enclaves, and our Extra-Territorial and Municipal Holdings throughout the world, that mercenary war for profit is unlawful, illegal, and immoral; we will not participate in mercenary conflicts ourselves nor aid those that do engage in war for profit.”

Ballot Measure Two

Discussion: Our country has been plagued by confusion caused by commercial corporations using similar names to impersonate us and our unincorporated businesses. They consistently fail to add the word “Incorporated” to their doing-business-as names, so we propose to end this confusion by omission by adding “Unincorporated” to our business names.

Proposed: Public Law Concerning the Naming of Business Entities

“Be it enacted and agreed and resolved throughout our fifty (50) physically-defined States of the Union and our similarly held Territories and Possessions, our Federal Enclaves, and our Extra-Territorial and Municipal Holdings throughout the world, that the word “Unincorporated” shall be added to all doing-business-as names of our American

Government and all unincorporated businesses that are associated with us and standing under American Law effective September 1st 2026.”

Ballot Measure Three

Discussion: Our country has been plagued by aerial spraying programs promoted by foreign interests, by the unregulated and unwelcome proliferation of data centers, electromagnetic pollution, widespread non-consensual data capture and surveillance and other Artificial Intelligence intrusions into our daily lives and privacy. This measure seeks to put teeth into the Public Record and formally require that all foreign and domestic corporations, service vendors, and agency contractors cease and desist activities that violate the right to privacy, misrepresent average Americans as part of their domestic population, and non-consensually interfere with our natural biological processes.

Proposed: Public Law Concerning Technological Intrusions and Pollution

“Be it enacted and agreed and resolved throughout our fifty (50) physically-defined States of the Union and our similarly held Territories and Possessions, our Federal Enclaves, and our Extra-Territorial and Municipal Holdings throughout the world, that:

- (1) Invasive technologies that non-consensually access data, surveillance us, intrude upon our biological functions or otherwise violate our right to privacy are strictly prohibited;**
- (2) Artificially induced electromagnetic fields and radiation in general are forms of pollution subject to our environmental quality standards; data centers, microwave towers, and similar installations must function safely in the Public Interest, or be shut down;**
- (3) Aerial spraying of chemicals and particulate matter are forms of pollution subject to our environmental quality standards; any such activities must yield a proven and substantial benefit in the Public Interest to be allowed;**
- (4) The people of our nation-states are non-domestic with respect to the citizenry of the United States and the inhabitants of our Territories and Possessions and cannot be subjected to weapons testing or other experiments under the ENMOD Treaties or similar international conventions that allow such testing on domestic populations.**
- (5) All foreign and domestic corporations, service vendors, and agency contractors are required to take notice and comply with items (1) through (4) above.**

Ballot Measure Four

Discussion: In the past the Federal Subcontractors have put forward repugnant legislation such as the Buck Act of 1940 and the present NDAA and have presumed a right to draft (conscript) and/or press-gang Americans using the pretense that they are only addressing their own

citizenry—and the undisclosed registration of babies process and foreign court system to impose upon our people. To preclude any similar actions or presumptions going forward we are recommending passage of a new protective Public Law:

Proposed: Public Law Concerning Involuntary Servitude, Conscription and Press-Ganging

“Be it enacted and agreed and resolved throughout our fifty (50) physically-defined States of the Union and our similarly held Territories and Possessions, our Federal Enclaves, and our Extra-Territorial and Municipal Holdings throughout the world, that: peonage, forced conscription and press-ganging are repugnant and unlawful, illegal, and immoral and will not be imposed upon any American living in the physically-defined States of the Union nor any American Person nor any citizen of the United States nor any U.S. Citizen, guest, or asylum seeker.”

Balloting Results for The _____ Assembly:

Ballot Measure One: _____ Yea or _____ Nay

Ballot Measure Two: _____ Yea or _____ Nay

Ballot Measure Three: _____ Yea or _____ Nay

Ballot Measure Four: _____ Yea or _____ Nay
